Partner organization

Emetris was founded in 1996, it is based in Thessaloniki (Northern Greece) and operated a branch office in Crete. It is one of the first Greek companies to provide business and training consulting services covering a wide range of areas for both Private and Public Organizations. Emetris provides vocational education and training promoted by public national authorities, but also business training for companies and European training projects. Its training experience promoting the exchange of knowledge includes: Tutoring Undergraduate Students, students on agrotourism and agrofood processing, hygiene and food safety, computer science, engineering and a number of on job training and seminars for SME's employees on Strategic and Foresight, Business plan and decision analysis. In order to meet the customer's needs in a best way, Emetris has a large network of partners all over Greece, which have excelled in their field and are able to provide knowledge in specialized topics.
